

Lancashire Local Transport Plan

1

Vision:
Delivering a stronger,
fairer, sustainable future

Goals:
These two goals will
underpin everything
that we do:

We will improve
efficiency and value for
money in our delivery

We will amplify our
voice and strengthen
our influence across
the north, nationally
and internationally

**How we will achieve
our goals:**

Connecting Lancashire:
we will drive economic
growth by better
connecting residents
to jobs, businesses
to customers, and
unlocking strategic
development sites

Transforming travel choices:
by revolutionising
travel options,
we will open up
opportunities, support
our communities,
and reduce transport
emissions

Safe and vibrant communities:
by helping to tackle
deprivation, poor health
and isolation, we will
connect people to
opportunities, revitalise
communities and
promote healthier lives

Future-ready networks:
through innovation and
new technologies, we
will make Lancashire
sustainable, resilient
and ready to grow
